

Marcus Dane R. Sanchez

San Rafael, Bulacan, Philippines | +63 922 518 7961 | marcusdanesanchez@gmail.com | [Portfolio](#)

Information Technology professional specializing in Web and Mobile Application Development, with practical experience in UI/UX design, system analysis, and software development. Proficient in creating responsive and user-centered digital solutions, with a strong interest in innovation, collaboration, and continuous learning. Seeking opportunities to grow in the tech industry.

EDUCATION

National University – Baliwag

August 2022 – July 2026

Bachelor of Science in Information Technology Specializing in Mobile and Web Application Development

Baliwag University

December 2020 – July 2022

Senior High School – Science, Technology, Engineering and Mathematics (STEM) Strand

SKILLS

Software: Figma, Adobe Photoshop, Clip Studio Paint, Visual Studio Code

Programming & Development: HTML, CSS, Node.js, Java, Typescript, JavaScript, React, PHP, MySQL, Flutter, Supabase, Firebase, Dart, Git, Ruby

AI Tools: Claude AI, Chat GPT, Gemini AI, Copilot

- UI/UX design and visual prototyping for web and mobile interfaces
- Web and Mobile Application programming
- Collaboration and team leadership through student organizations
- Strong communication and documentation skills
- Problem solving and adaptability in fast-paced environments
- Time management and efficient project execution
- Knowledgeable in the English and Filipino Language

LEADERSHIP & WORK EXPERIENCE

FYB Technologies Inc.

2025-2026

UI/UX Design Intern

- Designed user interfaces and user experiences for web and mobile applications.
- Collaborated with developers and designers to improve usability and implement design solutions.
- Designed assets and posting materials used by the company.

Google Developer Group on Campus National University Baliwag

Academic Year 2024 – 2025

UI/UX Development Lead

- Led the UI/UX team for the official organization website.
- Guided team members in design principles and collaborative development workflows.

Freelance Digital Art and Design Commissions

Ongoing

Visual Designer / Illustrator

- Create custom digital illustrations and visual designs based on client requirements and creative concepts.
- Collaborate with clients to refine designs and deliver high-quality artwork within project timelines.
- Produce digital assets using Adobe Photoshop and Clip Studio Paint for personal, commercial, and commissioned projects.

Freelance UI/UX Designer & Web Developer

Ongoing

UI/UX Designer & Web Developer

- Design intuitive and user-centered interfaces for web and mobile applications based on client requirements.
- Develop responsive websites and web applications using modern front-end technologies.
- Collaborate with clients to translate business goals into functional, visually appealing digital solutions.
- Create wireframes, prototypes, and high-fidelity designs using Figma before implementation.
- Maintain and improve existing websites by optimizing performance, usability, and accessibility.

PROJECTS

SPARK – Learning Platform for SPED Students

Nov 2024 – Oct 2025

Project Lead / UI/UX / Frontend / Backend / System Analyst / Mobile Application Developer / Data Analyst / Database Developer

- Led the project from planning through development, coordinating tasks across multiple development areas.
- Designed user-centered interfaces and interactive prototypes with a focus on accessibility and usability.
- Developed front-end and back-end features using Flutter and supporting web technologies.
- Designed and managed the database architecture and implemented server-side functionality.
- Conducted system analysis, gathered requirements, and translated them into technical solutions.

DSCIPLR

Feb 2026 – Apr 2026

Web Developer / Data Analyst / Database Developer

- Developed responsive web application features and integrated them with the back-end system.
- Designed and maintained the project's database structure to ensure efficient data management.
- Analyzed system requirements and optimized data organization and application performance.
- Collaborated with the development team to implement and test new features.

E-PaBrgyMo (Barangay Management System)

Oct 2024

Backend Developer / Data Analyst / Database Developer

- Designed and implemented the database schema and managed data relationships.
- Developed server-side functionality and integrated APIs with the front-end application.
- Optimized database queries to improve system performance and reliability.
- Assisted in requirements analysis and system testing throughout development.

GDGOC NU Website

Jul 2025

UI/UX Development Lead

- Led the UI/UX team in designing the organization's official website.
- Created wireframes, prototypes, and high-fidelity interface designs in Figma.
- Established design standards to maintain a consistent user experience across the website.
- Worked closely with developers to ensure accurate implementation of design specifications.

Xplorex Travel and Tour Website

Oct 2025

UI/UX / Frontend

- Designed intuitive user interfaces and interactive user flows for the website.
- Developed responsive front-end components using modern web technologies.
- Created wireframes and high-fidelity prototypes to support the development process.
- Improved usability and visual consistency through iterative design refinements.

NextStep: A Career Roadmap Application for Students

Mar 2024

UI/UX / Data Analyst

- Designed wireframes, user flows, and high-fidelity prototypes for the application.
- Conducted user research and analyzed data to support design decisions.
- Applied user-centered design principles to improve navigation and overall user experience.
- Collaborated with the development team to translate design concepts into functional features.

ACHIEVEMENTS

- Dean's Lister at National University
- Led the SPARK Application Capstone Project for SPED learning innovation
- Served as UI/UX Development Lead for GDGOC NU Baliwag
- 3rd Runner Up in iNUvation 2024 a School Innovation Pitch Competition

CERTIFICATES

Microsoft Office Specialist

May 25, 2022

- Certified for proficiency in Microsoft Office applications, demonstrating skills in document creation, data management, and presentation design.

IIOE Training - Blockchain Essentials for Higher Education Workforce

May 27, 2025

- Completed training focused on the fundamentals and applications of blockchain technology in higher education and workforce systems.
